How to Disable Mactella

These directions apply for both the PPC and OS X versions.

Please note that you must take these steps *every* time you start the application as it defaults to allowing file sharing.

1. Open up the **Mactella** application.

000	Gnutella Co	ontrol (128.13	5.0.112:6346)		
Search Downloa	d Uplead	Gnutella N	et		
Auto-connect	Enable sha	ring	Public Folder: 🔇	Connected	
Filename		Progress	Status	Size 🕎	
L					
Files Available: 1	Bytes:2,44	3,806	10 m	Stop	
				11.	Still Sharing F

2. Click on the *Enable sharing* check box to disable file sharing.

O O O Gnutella Control (128.135.0.112:6346)
