

## **Technology Services Safe Computing**

How to Disable Warez P2P

1. Select **Preferences** from the **Main** menu.

🛞 Warez - [Home]	Warez.c	:om - Redefi	ning W	
Main View Websear	rch Help			
Connect	у 🚺	Screen 🔍	Searc	
O Disconnect		http://www.war	ez.com/	
😽 Download HashLink	< <u> </u>			
O Preferences	REZ.C			
🙆 Close	TORY	CLIENT	NE	
	/			
SEARCH W	AREZ.COM:	[ <u>?</u> ] [ <u>add u</u>	Main n	nen

2. Select the **Manual configure** category in the **Fileshare** group. Expand each drive by click the + buttons and look for folders with red boxes next to their name. These folders contain shared sub-folders.

🛞 Warez: Preferences	
General Personal details Extra Search Network Proxy Transfer Private Network Chat	Manual configure         Check folder(s) you want to share with online comunity.
Private messages Fileshare Auto-scan	Compared System Volume Information     System Volume Information     WINDOWS     WUTemp
Manual configure Download rolder Ok Cancel	<ul> <li>This folder isn't shared, but other child folders are shared.</li> <li>Folder is shared, all files in this folder are shared.</li> </ul>

Manual configure

3. Expand the folders with red boxes and uncheck all of the selected check boxes.

When there are no more shared folders all of the boxes will turn gray.
